We at Peel Engineering Ltd are delighted to announce that a classic 1964 Peel P50 will be auctioned at the famous RM Sotheby's Auction house on the 12th March 2016 at Amelia Island.

This Petrol P50 - still holding the title of Guinness World Records World's Smallest Production Vehicle, was formerly housed at the Bruce Weiner Museum, and has been restored magnificently. It is one of just 47 built, with only 26 originals known to have survived to this day.

Lot 198

1964 Peel P50

Chassis no. D535

\$75,000 - \$100,000

Without Reserve

**To be auctioned on Saturday, March 12,
2016**

small updates to make them drivable on today's roads.

Many people still remember the world famous Top Gear UK episode from a few years back and so a large number of Peels have been sold to big car collectors worldwide.

Prices start at £10,399/\$14,484 - just a fraction of the originals auction price.

For more info, please visit www.peelengineering.co.uk or call +44 207 097 5119.

At the big 2013 Bruce Weiner auction, a P50 fetched an amazing \$120,750, so we are all waiting excitedly to see if this price can be outdone!
